Pasco County, Fla.—The Florida Department of Health in Pasco County (DOH-Pasco) is informing residents of confirmed human cases of locally-acquired Dengue. To stay updated on the cases, please refer to our weekly report at floridahealth.gov/diseases-and-conditions/mosquito-borne-diseases/surveillance.html.

DOH-Pasco and Pasco County Mosquito Control District are coordinating surveillance and prevention efforts.

DOH-Pasco reminds the community to avoid being bitten by mosquitoes by taking these [basic precautions](#).

The Department continues to conduct statewide surveillance for mosquito-borne illnesses, including West Nile virus infections, Eastern equine encephalitis, St. Louis encephalitis, malaria, chikungunya, and dengue. Residents of Florida are encouraged to report dead birds to the [Florida Fish and Wildlife Conservation Commission's](#) site.

For more information, visit the [Department's website](#) or contact your county health department.
