

eBridge Database

Florida Department of Health in Pasco County, Environmental Health Services is using the eBridge database for online access. EBridge is a system that holds the various inspection reports and documents sorted by program. Currently it is for all facilities under our purview; Biomedical Waste, Body Piercing, Complaints, Food, Group/Residential, Limited Use Wells, Migrant Labor Camp, Mobile Home/RV Park, OSTDS/Septic, OSTDS Operating Permit Comm/IM, Swimming Pool/Spas, Tanning, Tattoo Artist, and Tattoo Establishment.

Instructions to See Inspection Results

Please follow these steps

1. Visit: [eBridge Home Page](#)

If the link is broken, copy and paste the following in to your web-browser

(<https://s2.ebridge.com/ebridge/3.0/default.aspx?>)

2. Enter the following information:
 - user name: **public**
 - password: **public**
 - file cabinet: **PASCODOH**
 - Click: **Log In**
3. At the upper left corner of the page, click on **RETRIEVE**
4. Enter search criteria by any or all of the parameters listed (**make sure you select desired program such as OSTDS/Septic and document type such as Permitting Documents from drop-down list**), click on SEARCH - *Hint; the least information entered the better (address number only or * street name only, helps to widen your search) and the more information added, the narrower your search results will be.*
5. Click on the view icon on the left for the record you wish to view.
6. Records are being updated continually. Please call our office if you have any questions about an inspection report.

If you have any questions about this system please call Environmental Health Services at (727) 841-4425 option 5 or (352) 521-1450 option 5.
