AVAILABILITY OF SEWER SYSTEM CONNECTION

FROM: \_\_\_\_\_ UTILITIES

---

Name of Establishment: \_\_\_\_\_

Address: \_\_\_\_\_

Owner: \_\_\_\_\_ Telephone Number \_\_\_\_\_

This information is requested in order to verify compliance with Chapter 381.0065 and/or 381.0655 of the Florida Statutes. Available publicly owned or investor owned sewage system - a publicly owned or investor owned sewage system that is capable of being connected to the plumbing of an establishment or residence provided one of the conditions below can be met.

PLEASE REVIEW AND CHECK ALL APPLICABLE LINES

A sewer line exists in a public easement or right-of-way that abuts the property of the establishment.

A sewer line, force main or lift station exists in a public easement or right-of-way that abuts the property of the establishment and is within 50 feet of the property line of the establishment as accessed via existing rights-of-way or easements.

A sewer line is not available for this property.

INDUSTRIAL MANUFACTURING ZONED AREAS

For areas zoned or used for an industrial or manufacturing purpose or its equivalent, a sewage system exists with % mile of the nearest property line of the development as measured and accessed via existing easements or rights-of-way. This requirement is for a new development only.

FOR REPAIRS TO FAILING SYSTEMS

For system repair or modification purposes, a sewage system exists within 500 feet of an establishment's sewer stub-out as accessed via existing rights-of-way or easements.
